The arrival was a mission in itself, all the excitement and the lorry getting bogged. The kids loved all this and the 40 ton crane swinging around. And the excitement of opening the doors, their eyes nearly popping out of their heads.... These kids have never had such fun. The toys made Christmas It was like a walk to wonderland for the children. Can you imagine a child coming round a corner, having to live in crowded mud or shanty house with no luxuries, and finding a mountain of toys.....

I have been busy getting all the orphans ready for school when out of the container came all the school shoes. There was a continuous flow of children coming for fitting out,

We had a great song of praise to the Lord yesterday when we finally removed all the loose bags of clothing and books leaving only the coconut equipment to be dispersed and demonstrated where the Lord directs.

Friday, was our last ute load of books to two schools where again their libraries contained many empty shelves. Joy and praise to God was expressed by all the teachers. What joy!!

Your ministry "House of Prayer for All Nations" under Mission World Aid from Adelaide, South Australia has been used by God mightily to help our under equipped-government hospital here in Escalante City. You have sent a total of three containers primarily containing hospital equipment (beds), surgical kits, tables, chairs, toys, books, clothes and many other items.

Our new government hospital is now equipped with world-class facilities and amenities (sic) (including equipment from Australia) because of your kind assistance and prayer support. Truly your prayers have circumnavigate the world. It is prayer and love in action.
